A Day of Railroading at the WDFM

10am & 2pm signing | 3pm presentation

Join us as we celebrate Walt's lifelong passion for trains with a day of railroading fun! At 10am and 2pm in the main lobby, meet train producer Lowell Smith for a signing and release of his commemorative, limited-edition Great Locomotive Chase boxed train sets.

At 3pm in the theater, enjoy a special screening and discussion of Disney's historic drama, *The Great Locomotive Chase*. Fess Parker stars as James J. Andrews in this true-life Civil War story of a daring raid by Union soldiers on Confederate railroads. Hosted by Michael Campbell, president of the Carolwood Pacific Historical Society, this program includes behind-the-scenes stories and rarely seen footage from the making of this classic film.

Special guests: Harrison Ellenshaw, painter and visual effects artist; and Joel Fritsche, steam train expert and Imagineer.
